

EUCOM ISKM Software Developer

Req #:

XXXXX/224450

Location:

International, DE

Job Category:

Information Technology

Minimum Clearance:

TS/SCI

Job Description

Athena Technology Group (ATG) has an excellent opportunity for an experienced, self-directed, **Software Developer**. This position is in support of a Department of Defense (DoD) organization, US EUCOM located OCONUS in Stuttgart, Germany. *This position is required to travel OCONUS.*

EUCOM's Information Superiority and Knowledge Management (ISKM) division seeks to develop KM solutions using agile methodology embodying best UI/UX principles. The ISKM Software Developer works with the Scrum team to develop business process improvement software packages. They support and code client side and/or server-side applications in a development environment, test code for accuracy in pre-production, and ensure interoperability and completeness to achieve desired results within the production environment. Works with Scrum Master and technical writer to deliver necessary documentation and testing results.

More About the Role:

The successful candidate must be able to communicate clearly and succinctly both written and orally, and present products and ideas in a business-like manner. The candidate will be required to work in dynamic fast paced environments that require team interaction and coordination of efforts. The candidate must be experienced in interfacing with both client managers and system users.

The ISKM Software Developer provides custom application development solutions to enhance the command's decision-making processes and increase the speed and accuracy of decision-making using the Microsoft .Net framework, ASP.Net, JavaScript (JS), JQuery, Node.js, Bootstrap, Angular, React, TypeScript, etc, and object models to include JSON, CSOM, and REST. The ISKM Software Developer will provide technical guidance and mentorship to the development staff.

Additionally, the ISKM Software Developer will provide remote support and/or travel to customer sites as required.

You'll Bring These Qualifications:

- Currently hold an adjudicated Top Secret/SCI Clearance and be able to maintain
- BA/BS + 3 years recent specialized or AA/AS +5 years recent specialized or a major cert + 7 years recent specialized or 9 years of recent specialized experience
